stringency in the country was brought about by the influence of "Standard Oil" and J. Pierpont Morgan, Senator La Follette of Wisconsin today in a speech practically closing the debate on the Aldrich currency bill entered upon a denunciation of men high in the financial world.

"There were no commercial reasons for the panic," said La Follette. He severely criticised the provision in the Aldrich bill by which the railroad bonds are to be made a security for the emergency circulation, and charged it was a scheme to defeat legislation which might lower the railroad rates.

The senate committee on finance later voted unanimously to amend the Aldrich financial bill by eliminating railroad bonds as security for national bank note circulation.

They also decided to amend the bill so as to retain the provision of the present law prohibiting the retirement by national banks of more than nine million dollars of the circulation in any one month.

The report that the President is about to send a special message to congress urging its attention certain matters necessary to legislation as recommended by the civil federation, meets with positive denial at the White House.

RURAL ROADS IN  
COUNTRY ARE FAIR

COUNTY COMMISSIONER OF HIGH-  
WAYS IS INTERVIEWED.

ARE USING THE DRAGS NOW

Several Farmers Have Tried Their  
Practicability With Success—Mr.  
Skavlen to Write Articles.

As the time approaches for the se-  
lection of roads to be graded and im-  
proved this coming year the farmers  
throughout the county are showing  
considerable interest in the methods  
used in different localities to make  
the muddy roads good, passable travel  
routes. In several parts of the county  
the drag, not exactly a split-log  
drag, but a common field drag turned  
upside down has been used with suc-  
cess and promises well for the work  
of the coming year. The Gazette has  
invited Mr. Skavlen to write a series  
of articles on the roads and the laws  
which govern their construction and  
between now and the spring election  
he has promised to do so.

An interview with Road Commis-  
sioner Skavlen follows:

"Yes, the people are becoming in-  
terested in the good roads question.  
They seem to want to know 'where  
we are at.'"

"Yes, I have attended the farmers'  
institutions in the county, and endeavor-  
ed to impart some information on this  
subject, but the limited time neces-  
sarily allotted to each topic at these  
gatherings precludes but the briefest  
synopsis of a subject like good roads.  
To compress the subject of county  
aid in permanent road improvement  
into a fifteen or twenty-minute talk,  
and expect to impart any satisfactory  
information to the general public, who  
up to the present time have had little  
opportunity and cared less to become  
informed about these lines of up-to-  
date road improvement, is expecting  
too much. It will take long talks and  
strong talks, and all talk together, to  
let some of us out of the old rut of  
thinking, and adopt better ways of  
eliminating the deep ruts of our high-  
ways."

"Yes, even these little talks have  
already borne fruit. Last Saturday  
one of the rural mail carriers stopped  
me on the street to tell me that a  
piece of road on his route had been  
smoothed by some implement in the  
manner of the split-log drag and that  
that piece of road was very much im-  
proved; almost immediately after that  
slight work was done. He spoke to  
the first farmer he met and comment-  
ed on the improved condition of the  
road. When the farmer replied, 'Yes,  
I was down to Skavlen's to the insti-  
tute and heard the road talk and  
concluded to try a little experiment.  
I had no split-log drag, so I just took  
my old drag, put the teeth slanting  
clear back, set a couple of old pieces  
of board on top to stand on and hitched  
on the team and went up and down  
the road several times—and there  
you are—good.'"

NO CANDIDATE FOR  
TREASURER'S OFFICE

All Retire When Office Is Put upon a  
Salary Which Amounts

Fort Atkinson, March 12.—There is  
not much of a scramble for the office  
of city treasurer, since the city coun-  
cil abolished the percentage system  
and put the office on a salary basis.  
What was formerly a hot office is now  
worth nothing. At their last meeting  
the council fixed the salary of the city  
treasurer at \$225 per year. If the  
treasurer has to buy his bonds they  
will cost him \$200. If he has to rent  
space in one of the banks, for office  
room, he will have to pay \$10 per  
month for three months. Thus he  
will be obliged to pay the city \$5 for  
the honor of holding the office. All  
the candidates have retired from the  
field.

Link and Pin  
WILL SOON OCCUPY  
NEW SORTING YARDS

Officials Here Yesterday Set April  
10th as Date on Which Removal  
Will Take Place.

Yesterday afternoon, after exam-  
ining the new yards in South Janesville,  
a party of North-Western officials fixed  
April 10th as the date upon which  
the yards would be occupied. The  
party, which arrived here at eleven  
forty-five yesterday morning, consisted  
of Superintendent P. H. Bergh of  
the Wisconsin division, Train Master  
F. A. Morrison of Chicago, Foreman of  
the Bridge and Building Department  
M. J. Flint, J. W. Cryder, foreman  
at Milwaukee, Road Foreman of En-  
gines Glinzner, Trainmaster Vilas  
of Milwaukee, Chief Engineer W. H. Phil-  
ley, Chief Electrician H. A. Farally,  
and Master Mechanic E. H. Wade of  
the Wisconsin division.

The moving to the new yards  
means that all business now done at  
the old yards will be carried on at  
the new yards with the exception of  
the freight handled at the freight de-  
pot. The present yards will be strip-  
ped of everything. The old shops will  
be torn down, the coal chute and the  
water tank will be dismantled and  
the tracks more or less changed. One  
switch-engine with two crews will  
work in the old yard to bring up  
local freight and handle it and the  
rest of the yard will probably be ar-  
ranged for team tracks.

The work of removal has been go-  
ing on for some time and as fast as  
possible the machinery and equip-  
ment in the old shops will be dis-  
mantled and taken to the new yards.  
For the present the trains from the  
Madison division will be handled as  
heretofore and will not come into the  
new yards until the double track is  
entirely finished up to the north end  
of the old yards. The work of trans-  
ferring the handling and sorting of  
freight from the Fourth Street yards  
in Chicago to here will take several  
months and will only be accom-  
plished gradually. It will be several  
months before the yards will be run-  
ning to their full capacity as it will  
take that length of time to get the  
various jobs adjusted and to get  
everything into good running order.

YARDMASTER GRIFFIN  
GETS GOOD POSITION

Was Given Charge of the New Yards  
Yesterday by Visiting  
Officials.

Yesterday afternoon Mr. David B.  
Griffin was taken to the new yards in  
the special car with the inspecting  
officials, where in the new office,  
which he is to occupy, he was for-  
mally presented with the entire charge  
of the new yards. Mr. Griffin will or-  
der all crews out of Janesville, act-  
ing as trainmaster as well as yard-  
master. Mr. Griffin has been in the  
railroad business for the past thirty-  
three years and his many friends will  
wish him success in his new position.  
He will occupy his new office at the  
yards as soon as the interior furnish-  
ings are complete.

PLOT TO STEAL \$240,000.

Clever Forgeries of Letters of Credit  
Are Revealed.

New York, Mar. 17.—An attempt to  
steal \$240,000 from C. D. Richards &  
Co., bankers, of 31 and 33 Broadway,  
was revealed at police headquarters  
Monday night, following the receipt  
of the news of the arrest of one of the  
alleged forgers in Paris. The man un-  
der arrest is Gustavo Pozzo, 28 years  
old, formerly a stenographer employed  
by the bankers. The police say he has  
confessed and that he implicated two  
confederates. The alleged thieves had  
realized \$30,025 of the big stake they  
were after before their forgeries of let-  
ters of credit were discovered.

Pozzo's partners, according to the  
police, are well-known forgers, who  
were released from prison here only a  
few months before they started their  
operations in Europe. These men the  
police hold responsible for the pen  
work which, it is stated, was so cleverly  
done that it deceived bankers of  
Europe who had done business with  
Richards & Co.

St. Louis Brewery Strike Spreads.

St. Louis, Mar. 17.—Nearly 800 beer  
bottlers and handlers, employed at the  
Anheuser-Busch brewery went out on  
strike Monday in sympathy with the  
450 brewery wagon drivers who re-  
fused to secure membership cards in a  
certain union and were discharged  
from various breweries last week. To  
fill their places the brewery imme-  
diately employed both union and non-  
union men.

How Advertising Proved Itself.

Mr. Patsey Parker, the assistant  
manager of the People's Store, of Ta-  
coma, has an interesting story to tell  
of what newspaper space has done  
for his store, when utilized by Mr.  
Hogan, the manager, and himself.

"When I first went to the People's  
store," Mr. Parker said just before  
leaving the city recently for New  
York on a purchasing trip, "the house  
was doing a large business, increas-  
ing, of course, since Mr. Hogan as-  
sumed the management of it. In 1905  
we did a business of \$300,000 and in  
1907 we went right on for advertising  
in the newspapers. We took three or  
four times more space than the store  
had been taking and continued to in-  
crease our space. We took pages;  
sometimes as high as four and never  
less than two or three, as a rule. We  
had the goods and we told the people  
that we had them so that they  
might know as much about our stock  
as we knew ourselves. The result  
was that in checking up our business  
for last year we found that we had  
done a million dollars' worth."

"Mr. Hogan believes that advertis-  
ing is what brings the business and  
I heartily agree with him. We are  
going to outdo all former years of  
business this year and you just watch  
us grow."

"No, Jimmie, I am not going to Ma-  
ge Mulligan's party! 'The Mulligans  
don't in our set, and I don't like Mulligan,  
and I've got nuthin' to wear, and' he  
sides, I ain't been invited, anyhow!'"

OUR CLAIMS

—for the—  
TUBULAR

Sixteen cows, and a Tubular Sepa-  
rator, make more butter than twenty  
cows and no Separator.

We guarantee that, by the proper  
use of a Sharples Tubular Separator,  
you may increase your profits as fol-  
lows: If you now use the best gravity  
process, under the most favorable  
conditions, your gain in yield of butter  
by the use of the Tubular Separator  
will be more than ten per cent. If  
you use the best gravity process un-  
der unfavorable conditions—lack of  
very cold water or ice—your gain will  
be more than twenty per cent. If you  
use an inferior gravity process, your  
gain will be from twenty-five to fifty  
per cent. The quality of butter will  
be increased 10 to 50 per cent.

There are hundreds of farmers who  
have a good idea that a Cream Sepa-  
rator will pay well, and in fact every  
dairy should have one. Time goes on  
and the convenient time for investing  
in a separator also goes on, and is al-  
ways just a little in the future. This  
is wrong and every day you delay  
you are losing some Cream by letting  
it go with the milk. Investigate this  
matter now, even if you don't buy it  
until next month.

The Sharples Separator Company  
manufacture more Separators and sell

NEWMAN  
BROS.  
PIANOS

Have few equals,  
all points considered.

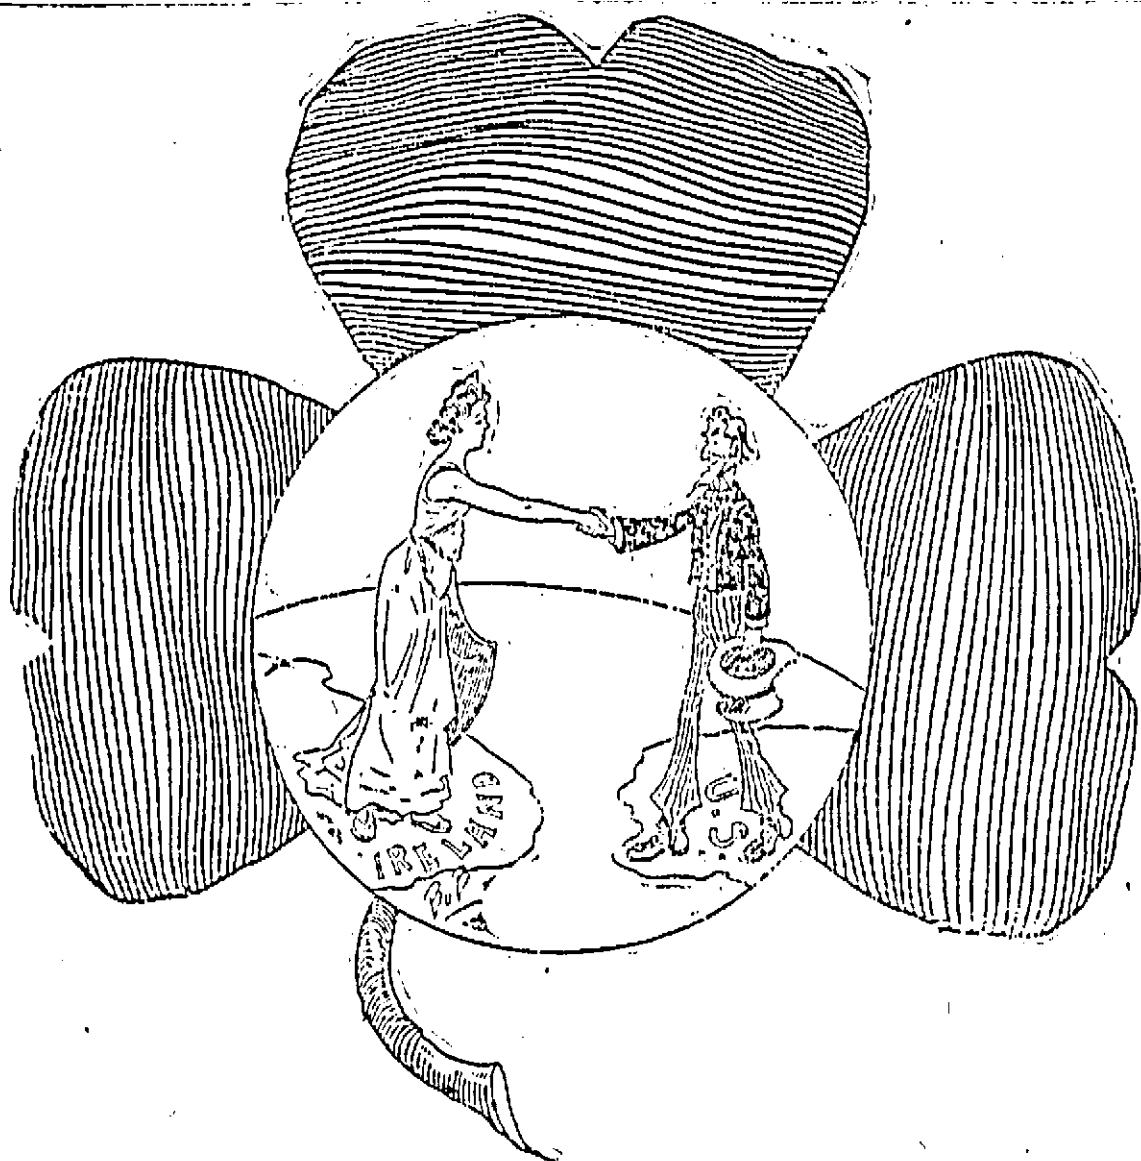

READ FINE TESTIMONIAL BELOW.

Cedar Rapids, Iowa, March 7th, 1908.

To all who are interested in pianos and especially  
to prospective purchasers:  
In April, 1905, I purchased of H. F. Nott (Janesville Wis.) a new  
everlasting cabinet grand piano of the Newman Bros. make. Since  
then it has been in constant use and has proven satisfactory in every  
detail, and a delight in the home. Its volume, quality, and evenness  
of tone is marvelous. The tones in the highest octave have a clear-  
ness seldom found in other makes. This piano will stay in perfect  
tune for an UNUSUAL length of time which is a point of no small  
importance, and speaks loudly in praise of the entire construction of  
the instrument. Having tuned many pianos in Cedar Rapids, I feel  
that I am in a position to say that the Newman Bros. piano has few  
equals, all points considered.

ST. PATRICK'S DAY

Today the whole civilized world recognizes the great patron Saint of Ireland, St. Patrick, and commemorates his memory by wearing the bit of green, or better still the shamrock. Strange to say, the day commemorated is the date of the death of St. Patrick, not that of his birth. The great St. Patrick died March 17, 492.

Since then his memory has never faded from any Irish heart. As Justice McCarthy truly says in "Ireland and Her Story," St. Patrick's "name is as much revered now by the great mass of the Irish as it was at any time since he first set foot on the soil as the teacher of Christianity." His work was an enduring work—once done it was done forever.

His name was Patrickus before he was called by the Irish. That would indicate that he was of Roman origin, and it is believed generally that he was a Roman. As to his faith, he was a missionary of the Roman faith, but it is well known that the Roman church of that time differed widely from the Roman now. St. Patrick lived in what was known as the Golden Age of Ireland, when the church of Ireland sent out its own missionaries even as far as Switzerland.

Of the legends about St. Patrick none is more famous than that concerning the shamrock and that concerning the snakes. The shamrock tradition has him at Tara, teaching the king and his court the truths of religion. The king was unable to understand the mystery of the Trinity. St. Patrick, realizing the difficulties in making the doctrine comprehensible, sought to symbolize it in some way. Happily hitting upon the shamrock, he called the monarch's attention to the unity of the flower and the Trinity of its leaves. This symbol satisfied the royal mind and brought conviction and conversion.

The legend of the snakes is to the effect that St. Patrick entirely rid Ireland of reptiles by making a wondrous drum, the sounds of which caused the serpents throughout the island to wriggle to the sea coast and plunge into the ocean.

THE RURAL ROUTES

It is time for the residents of Rock county, living outside the cities, to take steps to have the rural mail route system of the county reestablished. Recently one route with twenty-five patrons was discontinued to accommodate a dozen others who had not had the service before. With the present arrangement of routes many are left far from any possibility of securing their mail daily. A readjustment should be made and Rock county should receive its share of the rural free delivery which is due us. One way to get at this matter is by calling a mass meeting and another is by petition. Probably both will be used. The mass meeting first and the petition next. Congressman Cooper has promised to take the matter up with the postoffice department at once when the petitions are sent to him and it is probable that this step will be taken by those interested.

MARK TWAIN WAS THE MORNING TOPIC

Philatelic Society Have the Morning Program Today and Tell of Noted Writer.

Mark Twain was the subject of the morning exercises at the High School today. The program was in charge of the Philatelic Society and their program was exceedingly varied and featured by quotations from several of his works written on the blackboard. A brief sketch of Twain's life was given by Miss Mabel Keesey. The Lorelei, Twain's favorite German poem, was sung by a sextette of girls. Miss Maudie Spohn read of the difficulties of the German language as taken from Innocents Abroad. Miss Ellen Roberts told of the chief characteristics of Twain's humor and the exercises closed with Misses Ruth Wetmore and Jessie Lowmy reading from the interview an exceedingly amusing selection. The program was well rendered and very interesting. Assistant State Superintendent of Schools J. L. Borden and High School Inspector J. L. Terry of Madison spent today in the city inspecting the high school.

## 'What Do You Want When You Choose a Dentist?'

The very first essential is "Good work."  
"Any old thing" won't do when it comes to work in your mouth.  
Another desirable is Painless work.  
A careful, conscientious, painstaking operator like Dr. Richards uses every possible means at hand to avoid causing you pain.  
A third feature which cuts quite a figure is "Reasonable Prices."  
They say you can pay \$5.00 for an automobile, or you can get a good reliable machine for \$1000 if you wish. Some makers get far more than others for their output.  
It is the same in dentistry.  
Some dentists prefer to do a small practice at large prices to each individual.  
Others like Dr. Richards, prefer to do a large practice at a smaller fee from each patient.  
Dr. Richards has fixed up many a decayed tooth for 75c, and sent the patient away so satisfied in every way that he has sent all his family and friends for their work.  
Whereas he might have charged the man \$3.00 and never seen him again.  
Sum it up and you find it about this way—  
"Good work."  
"Painless work."  
"Reasonable Prices."

## JURY'S VERDICT FOR ROBT. BEAR

CHARLES W. EUNSON FAILED TO RECOVER DAMAGES.

### IN THE \$20,000 LAWSUIT

Twelve Men Deliberated but Half an Hour—Clash Between Nolan and Kershaw in Closing Arguments.

Just before noon today arguments were concluded in the \$20,000 damage action brought by Charles W. Eunson against Ex-Patrolman Robert Bear for injuries alleged to have been inflicted on the plaintiff in the course of his arrest on the night of the 18th of June, 1907. Eunson claims that his skull was fractured by the patrolman's blows, his neck pounded on the street-car track, and that he had to spend 33 days in the hospital. The patrolman avers that the man had made threats, was under the influence of liquor, and tried to strike him when he started to arrest him for using foul and abusive language in the presence of Mr. and Mrs. Woodring. Atty. W. J. Kershaw of Milwaukee made the plea for the plaintiff and Atty. T. S. Nolan presented the defendant's side of the case.

Judge Graham instructed the jury at two o'clock this afternoon. Not a single word was included in the twelve "charges" trying the case were: Robert McCubbin, Byron Campbell, Frank Davis, Charles Moore, John Himmelsch, John Keough, W. P. Christman, C. E. Marquart, William Hall, B. H. Wells, W. J. Miller, and F. M. Leeds.

Atty. Nolan, alluding to his argument this morning to Atty. Kershaw's observation that Eunson was never brought into court to answer to the charge on which Bear claimed to have arrested him, said: "The chief of police thought he had cost us all enough. If he would only stay in the hospital and perhaps die, we would all feel better about it." After calling attention to the fact that the plaintiff had been convicted of offenses four times, by the records, the counsel paid his compliments to "Cap" Collier, whom he called the plaintiff's chief witness.

Trouble Over "Cap" Collier  
"I wanted to question him some more this morning but when I inquired for him I found that he was in the lock-up," said Atty. Nolan.  
Atty. Kershaw took immediate exception to this statement and not only insisted upon the propriety of making statements not produced in the evidence, but also denied the truth of the assertion as to Collier's whereabouts.

Judge Graham: "The plaintiff takes exception to the statement. The court finds that it is unwarranted and instructs that there is no evidence to the effect that the witness, Collier, is in the lock-up and the jury must not consider any such statement."

Atty. Nolan, to the jury: "All right, then. You needn't consider the fact that Collier is in the lock-up."  
Atty. Kershaw in his rebuttal, made a stirring plea for the plaintiff, stating that no evidence had been produced to show that he was a bad man by reputation, or that he was afraid of him, or that he gave any due provocation for an unlawful assault which no sane man would be willing to undergo for a good many times \$20,000. He attacked the theory that because his client was somewhat addicted to drink, he should be regarded as an outcast and a leper and a man entitled to no consideration. He had often heard it said that drinking was "a good man's fault" and he had known many honorable, honest, upright men who were victims of the habit, and yet like Eunson, robbed no one, attacked no one, and paid their debts.

Victory for Bear  
The jury went out about 2:15. With in about one-half hour they had agreed upon a verdict and just before three o'clock they returned to the court room and announced that they had found for Robert Bear, the defendant. "The plaintiff will have to go without the large compensatory and punitive damages his counsel asked for and pay the costs of the action."

## EFFORT TO SECURE ART GALLERY HERE

Proceeds of Splendid Exhibition of Paintings Which Opens Tomorrow Will Be Devoted to That End.

Quaint little poems of home-life in out-of-the-way corners of the world; dramas of the dashing sea; meadow and upland and sombre and sunny groves; marvels of the clouds; expressions of human moods and experiences which recall something of all that one has ever seen, or learned, or felt, are some of the delights in store for those who attend the annual art exhibition which opens at Edred hall in the public library building tomorrow evening, and continues throughout the week. Don't miss the splendid exhibition of oils, water colors, and prints from the "Pioneer" collection, a valuable loan collection will be shown. The ladies of the Janesville Art League are striving to raise by means of the nominal admission fees charged and their individual subscriptions a fund sufficiently large to add a third picture to the Janesville public art gallery. With this fine piano purchased by the Apollo club and these paintings, Edred hall will some day be one of the "show-places" of the city. The exhibition will give observing ones a comprehensive glimpse of modern art and an acquaintance with some of its foremost exponents and what they stand for. It presents a combined appeal to the student, the lover of the beautiful, and the public-spirited citizen and should receive the encouragement it deserves.

### OBITUARY.

John R. Ryan  
The (late) services of John R. Ryan, who died at his home on South High street Sunday morning, were held this morning at nine o'clock from St. Patrick's church, the Rev. J. J. McElhinney officiating. The pallbearers were the five sons of the deceased, Lawrence, Cornelius, James, John and Edward, and one grandson, William.

The floral tributes were especially beautiful and were a touching testimony of the many good qualities of the deceased.

James Little  
The funeral of the late James Little was held yesterday afternoon from his home in the Town of Janesville at one-thirty o'clock. The Rev. R. M. Vaughan conducted the funeral services and the interment was in the Oak Hill cemetery. The large number of sorrowing friends who attended the funeral testified to the high esteem in which Mr. Little was held by those who knew him.

Mrs. Harriet Wilcox Bartlett  
Word has been received by friends here telling of the death at Edred hall, of Mrs. Harriet Wilcox Bartlett, daughter of Mr. and Mrs. David Wilcox of Quincy, and granddaughter of the late Rev. Dr. Hodge, all formerly of Janesville. Mr. Wilcox was formerly one of the owners of the Gazette, back in the seventies.

## CLINTON MAN SHOT; PROBABLY FATALITY

Charles Daerling Accidentally Shoots Himself with Shotgun Yesterday.

Charles Daerling, a young German farmer living on the Rush human farm three and one-half miles north of Clinton, accidentally shot himself yesterday evening while hunting ducks. He started out about six o'clock yesterday evening and when he did not return his wife became alarmed and got some of the neighbors to look for him. He was found wandering in a field near his home in a dazed condition at 10 o'clock. His left hand had been partially shot off and two shot had entered the brain. He was immediately taken to a nearby home and the doctor summoned. It is considered very doubtful whether he will live as he had lost much blood before he was found and it was not thought safe to attempt to remove the shot. Mr. Daerling is married and has four children.

## COLLEGE BASEBALL.

Clubs Little Affected by Graduation of Last Year's Stars.

TIGERS' PROSPECTS GOOD.

Excellent Material at Columbia, Yale, Cornell and Penn to Replace Missing Players—Harvard Loses Only Captain Dexter of the 1907 Lineup.

Prospects for a successful season on the college diamonds are exceptionally good this year. This is in spite of the fact that the leading teams of last year lost by graduation many of their best players, especially their pitchers. Cornell and Brown, which went through a good season in 1907, are somewhat depleted by the graduation of their ablest men. On the other hand, teams like Columbia, Yale, Princeton, Harvard and Pennsylvania seem likely to come forth strong and vigorous for the coming campaign.

Many of the baseball players on the Cornell and Princeton teams, whose records were so nearly alike that it was almost impossible to decide which deserved the college championship last year, will be missing when the season starts this month. At present it looks as if the Tigers started the season with better prospects than the Cornellians. There were few pitchers last year in a class with Dushon, who has completed his college course at Ithaca. Dushon will be missed by the Cornell team more than any two other players, for he was a remarkable college player.

The chief loss sustained by the Princeton team is Captain Cooney, a fine catcher and batter. Heyinger and Drews, the star twirlers, are still in college and will play this year. Besides these two veterans, five other members of the 1907 team have been working in the cage for the past few weeks. Princeton will start the season with fine prospects for a championship team.

Brown met defeat but once during the 1907 season, and her record was almost as good as that of Princeton and Cornell. The mainstay of the Providence team in the pitching department was Tilt, now a member of the New York American league team. But Brown, which has turned out many a professional player, still has a first class battery in Captain M. Raymond, catcher, and Nourse, pitcher. Bunting, at third base, and Donahue, in center field, are the only other veterans, but there is plenty of promising material among those ineligible last year.

Harvard is depending upon graduate coaches now, and they have the men for a championship team. Eight out of the nine players on the 1907 team are still eligible, and some of them are liable to be crowded out by the youngsters. Captain C. H. Leonard has an unusually fine lot of pitchers at Cambridge this year.

Captain Ted Jones is a strict disciplinarian, and he has already informed the Yale baseball candidates that he will stand for no fooling during the training season. The graduate coaching system is also being tried out at Yale this year. Ted Jones is probably the best college catcher in the country today. Van Vleet, Merritt, Dunbar and Parsons will look after the pitching department. Some of the candidates for the outfield positions are Bonner, Lippitt, Murphy and Cushing. Coy, the great fullback, will be tried out at first base. Wheaton, another football player, and Williams will fight it out for second base. Fels of the 1907 freshman nine will probably play shortstop, and Logan, a sophomore, is a promising candidate for the third corner.

Led by Captain Pennell, formerly of Cornell, and coached by Arthur Irwin, the University of Pennsylvania team starts the season with a few veterans and a host of youngsters. The 1907 season was a disappointing if not a disastrous one for the red and blue. The graduate coach's biggest problem is to develop reliable pitchers.

Frank V. Goodman, an old Columbia player, is looking after the blue and white team this year. As at Pennsylvania, Columbia is badly in need of pitchers. There is a big squad at work in the cage, and hopeful reports are being sent out. Nearly all of last year's team are still in college.

Although the 1907 Dartmouth team is still in college and practically intact, most of its members are ineligible because they played summer baseball. It will take heroic work to turn out a good team at Hanover this year.

Penn State, which defeated Cornell in one of the greatest college games of 1907, retains seven of her last year's team.

Durban Challenges Webb to Row. "Will row you for world's championship and \$1,500 who bet in New Zealand, November, or Toronto, September, give or take \$750 expenses, or on 'Pinches, each man pay his own expenses?' Such was the challenge. Eddie Durban, the Toronto oarsman who defeated Tom Sullivan at Toronto three years ago and was defeated by Charles Towns in Australia last March, called to William Webb, the title holder, immediately upon receipt of the news of the latter's victory over Charles Treadwell, the challenger.

Houghton Harvard's New Coach. Percy D. Houghton of Brookline, Mass., was appointed head coach of the Harvard football team at a meeting of the Harvard Athletic association recently. Mr. Houghton accepted the appointment, but will not accept any remuneration for his services.

## THE EDISON PHONOGRAPH

THE PHONOGRAPH

The young folks wander away from the home circle in search of music and entertainment. It is so easy to entertain them at home, better than they can be entertained anywhere else, and it is such innocent amusement, by means of an Edison Phonograph, which FURNISHES MUSIC FOR DANCING gives all the new popular songs of the theatre and selections from the grand operas and concertos, and reproduces band music, the old ballads and love songs so perfectly that it is hard to believe that it is not the real music or voice to which they are listening. Parents owe it to their children to investigate the merits of the Edison Phonograph, and not confound it with any other kind of talking machine they may have heard.

I want to hear from owner having  
**GOOD FARM or  
BUSINESS**  
for sale, any size and any locality.  
Not particular about location. If  
you want cash for your farm or  
business I will pay you to write  
me today. I only want to hear  
from owners who are willing to  
sell direct to buyer and without  
paying a cent of commission to  
anyone. I am not a real estate  
agent and I don't accept propo-  
sals for sale on a commission basis.  
Agents need not answer. If you  
write me at once and I will send  
you free full details of my new  
plan of putting you in touch with  
hundreds of people anxious to  
buy. I must hear from you quick-  
ly, as I have more buyers than I  
have properties to recommend. It  
costs you nothing to write to me  
and I may have someone who  
wants your place and will pay  
your full price. In writing give  
name and description and state  
how soon possession can be had.

OPPOSITION TO  
SEWER PROJECT

HAS DEVELOPED AMONG MEM-  
BERS OF COMMON COUNCIL.

## BILLS OF SPECIAL SLEUTHS

Regarded with Some Disfavor—Ex-  
Mayor Hutchinson Presented Bill  
for \$300—Vote of Thanks to  
Health Commissioner.

President of the Council J. J. Dunn  
occupied the chief executive's chair  
last evening, Mayor Hedges being  
confined to his home with the grip.  
All of the aldermen and four repre-  
sentatives of the road-roller com-  
panies were present at the session, but  
no action was taken either on the  
road-roller or sewer-construction ques-  
tions. W. C. Klemm, P. E. Ramsey  
of Sparta, and Mayor David Zoll of  
Whitewater were the Anti-Western  
agents on guard and Frank Gramer of  
Portage was present to look after the  
interests of the Port Huron Engine  
& Thresher Co. An order stipulating  
the purchase on trial of one of the  
Austin-Western motor rollers at  
\$2,800, less \$600 allowed for the city's  
old machine, had been proposed, but  
it was not introduced. The roller  
men say that they have already ex-  
pended, collectively, the price of one  
of those chariots and that they are now  
in so deep a hole that they can't afford to  
lose it. Strange as it may seem,  
opposition has developed to the  
carrying out this year of sewer con-  
struction work which must absolutely  
be done before any new extensions  
can be made, unless the plans the  
people voted for several years ago are  
to be abandoned and the just demands  
of the Fourth ward ignored. On ac-  
count of this opposition, friends of  
the measure advocated by the street  
assessment committee did not deem  
it advisable to force any action last  
evening and the sewerage committee,  
to whom the matter had been referred,  
merely asked for further time to con-  
sider them.

**Reward of Merit**  
Health Commissioner W. D. Mer-  
ritt submitted a quarterly report  
showing that during the new year  
there had been three cases of diph-  
theria and one of varicella. The var-  
icella patient, he said, was a resident  
of Lafayette county and the ex-  
penses of his care would have to be  
borne by that community. The cir-  
cumstances which caused him to  
change his attitude with regard to the  
mad-dog question and to conclude that  
there is not and has not been any ep-  
idemic of rabies here, were narrated.  
During the past six weeks there was  
record of not a single authentic case,  
and the police were to be congratulated  
for having apparently exterminated  
all canines afflicted with the malady.  
His test-experiment with the state  
hygiene laboratory, he averred, was  
made at the behest of many doubtful  
citizens, and he did not consider it  
unethical or unprofessional. The  
council not only adopted the report  
but passed by unanimous vote a vote  
of thanks to him for hunting down  
the mad-dog scare and proving up its  
exact proportions.

**Bills of Sleuths Not Paid**  
The judiciary committee to whom  
was referred Ex-Mayor J. F. Hutchin-  
son's \$300 claim for services from April  
17, 1906, to April 16, 1907, asked  
for and were granted further time  
for the consideration of the same. At-  
tached to the original finance commit-  
tee's report on bills were two items  
which at once attracted attention dur-  
ing the recess. One was a bill for  
\$82 submitted by Edward Tracy and  
the other one for \$18 submitted by  
Samuel Brown—both for special pol-

## Heart Strength

Heart strength, or heart weakness, means nerve  
strength, or nerve weakness—nothing more, the  
latter not being a heart ailment. It is, in fact,  
a hidden tiny little nerve that really is all at fault.  
This disease is called, or heart nerve,  
"simply nerves, and must have, more power, more  
stability, more controlling, more governing  
strength. Without that the heart must continue  
to fail and the stomach and kidneys also fail.  
These same controlling nerves.  
This clearly explains why, as a medicine, Dr.  
Shoop's Restorative has in the past done so much  
for work and killing hearts. Dr. Shoop's Restorative  
the cause of all this painful, debilitating, suffocating  
heart distress. Dr. Shoop's Restorative is the  
popular prescription alone directed to these  
weak and wasting nerve centers. It builds  
strength, it restores lost, genuine heart help.  
If you would have strong heart, strong con-  
trolling, strengthening these nerves—restoration  
then as needed, with

RADGER DRUG CO.

DOCTOR USES "D. D. D." IN HIS  
PRACTICE.

Eminent Physician Says This Great  
Liquid Prescription Is Certain  
Cure for Eczema.

Still another Eczema specialist  
comes forward in enthusiastic praise  
of D. D. D. Prescription, the wonder-  
ful external remedy which cures Ecz-  
ema and other similar diseases (like  
mange). He is Dr. C. B. Holmes of Sil-  
ver City, Miss., and in summing up  
his impressions of the startling cures  
D. D. D. has effected, he says:  
"I have been using your D. D. D. for  
four years with gratifying results.  
"TIS AS NEAR A SPECIFIC FOR  
HEMIPER, ECZEMA, PRURIASIS,  
ETC., AS IS QUININE FOR MA-  
LARIA."

Dr. Holmes is one of hundreds of  
physicians who use D. D. D. in their  
daily practice. The D. D. D. company  
allows physicians to use this remedy  
with the understanding that they tell  
their patients what it was that cured  
them when the terrible itch has been  
wiped out, the skin healed and the  
raw wound covered over with soft  
white skin. D. D. D. is not a nasty  
paste to smear the skin and clothing,  
but it is a clear liquid. It is advis-  
able to use D. D. D. in connection  
with D. D. D. Prescription.  
Is any further proof of the curative  
powers of D. D. D. Prescription neces-  
sary? That remedy is sold at J. P.  
Baker and Holmsted's Drug Store,  
Columbus and let me show you convinc-  
ing proof that D. D. D. will cure your  
skin disease. Even if you have not  
decided to use D. D. D. remedy, come  
in and explain your case anyway.

ice services. It developed that these  
men, at the direction of the mayor,  
had been doing special detective work  
in the vicinity of certain bridges  
which were identified with two mys-  
terious occurrences during the early  
winter. Some of the aldermen chal-  
lenged the mayor's authority to set  
placards to work without the full sanc-  
tion of the aldermen and the items  
were stricken from the report and  
held over until some future session.

**Oppose Court Street Grading**  
At the preceding meeting the coun-  
cil passed a measure providing for the  
grading of that section of Court  
street which was formerly Vernon  
avenue, lying between the intersec-  
tions of Roger and Garfield avenues  
and Liberty street and Milwaukee ave-  
nue. Eight of the eleven residents of  
the thoroughfare, though not owners  
of a majority of the property, pre-  
sented a petition last evening to have  
the order rescinded. The matter was  
referred to the aldermen of the ward  
and Ald. Brown of the table, ATTY. J. J.  
Cunningham, representing the peti-  
tioners, was given an opportunity to  
speak. He said that there was a gulch  
in the valley there which would require  
six or seven-foot fill for a distance  
of from 25 to 30 rods and that this  
would be extraordinarily expensive at  
a time when no similar work was be-  
ing done in the vicinity and the filling  
would perhaps have to be purchased  
and hauled from a distance. The  
thoroughfare was not in bad condition,  
nor was it a main traveled highway,  
and the hard times and the fact that  
many of the petitioners were in debt  
for their homes were other factors  
which ought to enter into considera-  
tion. Ald. Buchholz offered an amend-  
ment to Ald. Brown's motion, stipu-  
lating that the matter be referred to  
the highway committee, and it was so  
referred.

**Edged 289 in February**  
City Marshal W. H. Appleby's re-  
port for the month of February show-  
ed that lodging was given at the lock-  
up to 269 men without work. There  
were 49 arrests during the month.  
Five were for assault and battery, 1  
for forgery, 2 for inebriety, 1 for  
attempted criminal assault, and 60 for  
drunkenness. Twenty-three prison-  
ers were taken to court and 46 were  
discharged.

**Monterey Bridge Sidewalk**  
On motion of Ald. Sheridan the  
city engineer's plans and specifica-  
tions for the construction of a side-  
walk on the Monterey bridge were  
adopted and the street assessment  
committee, acting as a board of pub-  
lic works, was authorized to advertise  
for proposals for doing the said work.  
By virtue of an order introduced by  
Ald. Johnston and passed, the street  
commissioner was directed to build a  
black cross-walk over Western avenue  
on the east side of South Jackson  
street.

**Settlement of Huggard Claim**  
On recommendation of the city at-  
torney, Ald. Brown presented a resolu-  
tion directing the settlement on a  
basis of \$250 of all claims of Joyce-  
miah Huggard, now a fugitive against  
the city in default of bail for damages  
sustained while riding with a synthe-  
sizer in his buggy on an alleged defective  
street, and instructing the clerk to  
draw on the treasurer for that  
amount, payable from the general  
fund. The measure passed without  
opposition.

**Miscellaneous Business**  
An order authorizing James A. Dal-  
ton to move a barn from the Mitchell  
property on West Milwaukee street to  
across lots in Alderhill's Fourth Addi-  
tion, was presented.

Ald. Sheridan (just as the vote was  
being taken)—"Isn't that in the fire  
limits?"

Acting Mayor Dunn (with a czar-  
like, no-time-for-trifles smile)—"Car-  
ried!"

The annual election proclamation  
and directions were passed and an or-  
der directing the clerk to advertise  
the voters in the Janesville Journal,  
a German paper, was carried.

POOR HOUSE GREET'S  
THE GREAT DIVIDE

Henry Miller's Great Success Played  
at the Local Playhouse  
Last Evening.

While Lester Longman, as Stephen  
Giant is not the Henry Miller of the  
Hollywood productions of "The Great  
Divide" and Adelaide Nowak is lack-  
ing some of the spirit of Margaret  
Anglin, the production of the great  
New York success last evening at  
the Myers theatre was most pleasing  
and what the audience lacked in num-  
bers it made up in enthusiasm. Les-  
ter Longman as the crude westerner  
who buys his wife with a few nuggets  
of gold and a revolver has a difficult  
part to play, but one which he seems  
well fitted for. His reading of the  
lines of the first act as a drunk-  
en murderer, was excellent and he  
continued to develop until the final  
scene when his real character comes  
out triumphant. Adelaide Nowak as  
Ruth Jordan shows spirit and deter-  
mination. Her lines are perfect, her  
acting the caliber which calls for  
enthusiasm on the part of the audi-  
ence. Alfred Britton as Philip Jer-  
don is a decided disappointment. He  
is too much of the flashy melodramatic  
order with scornful looks to satisfy  
anyone but the gallery gods. Lolla  
Robertson as Polly Jordan is pretty  
and vivacious and carries off the parts  
which would otherwise have dragged  
with a spirit. In the cast was Harry  
G. Forrest, a former University ath-  
lete, who will be remembered as a mem-  
ber on the football team and a mem-  
ber of the victorious Wisconsin crew.  
Forrest has a minor part in the pro-  
duction but has played far better  
parts and has brilliant promises of  
success in his chosen profession, Mrs.  
Chas. W. Brooke, who as Mrs. Jer-  
don, Ruth's mother, has a bit of dif-  
ficulty in doing, is one of the re-  
markable old ladies of the stage.  
When Abraham Lincoln was shot by  
Wilkes Booth in Ford's theatre, Wash-  
ington, Mrs. Brooke was a member of  
the stock company, but was not at  
the theatre that evening, so missed  
the awful tragedy. She is the wife of  
Chas. W. Brooke, the famous New  
York criminal lawyer, and is one of  
the grand old ladies of the American  
stage of the past decades who still re-  
main favorite depths increasing  
years.

MARCH TERM OPENS  
ON MONDAY NEXT

Judge Grimm Will Be In Monroe Next  
Week for March Term of  
Circuit Court.

Monroe, Wis., March 17.—The  
Green county circuit court convened  
at the courthouse in this city on Mon-  
day next. The calendar contains  
twenty-six cases, sixteen of which are  
jury cases, seven criminal cases and  
three cases of fact for the court.  
News has been received here of  
the death of Dr. Dwight Flower, long  
a successful practitioner at Monticel-  
lo, who moved on a farm near River  
Falls a year and one-half ago. He  
was 70 years of age and is survived  
by a wife and five children. A son,  
Prof. Dwight Flower, is principal of  
schools at Monticello.

A basketball game will be played  
at the armory tonight between C. C.  
of Whitewater and the Cardinals of  
this city. A dance will follow the  
game.

Miss Anna Schuch, who disappeared  
Friday and was traced from Janes-  
ville to Chicago, has been traced to  
Michigan and it is expected she will  
be located in a few days. She has  
talked of leaving for a long time and  
taking up some work of her own and  
it is thought she has a place in view.  
Coroner H. L. Hall has ordered an  
inquest for the purpose of investigating  
the explosion that resulted in the  
death of Nick Gager Saturday. The  
following jury will meet tomorrow  
morning to hear the testimony: Henry  
Hefty, E. C. Copeland, E. L. Brow-  
er, J. W. Egleman, Henry Hefty and  
John Diecher. It is the general sup-  
position now that the man must have  
struck a cap in a dead hole instead  
of a box containing a few caps and  
bits of dynamite that was mis-  
placed, which it is held would not be capable  
of producing an explosion as terrible  
as the one that killed Gager. The  
men all claim that every hole that  
was loaded went off.

Henry Hefty left yesterday for  
Collins, Mexico. He will join Henry  
Tschudy of Kansas City and Dr. A. J.  
Cahoon of Chicago, who own the  
base del Rio plantation, a tract of  
over 100,000 acres. J. J. Tschudy of  
this city is superintendent of the  
plantation.

P. G. Wells and family have moved  
back here from Troy, S. D., to con-  
duct a Green county farm.  
Miss Anna Heft has returned to Al-  
bany after a visit to her aunt, Mrs.  
Andrew Schindler.

**BURR OAK**  
Burr Oak, March 15.—Mrs. W. L.  
Hougen is confined to her home with  
the grip.

Miss Margaret Beggs has been es-  
corted home by Henry Shuman the past  
week.

Harry Chesbro accompanied his  
sister Esther to Elgin last Wednesday.

Mrs. Harry Wood and son are vis-  
iting the parental home.

William Hantke commenced sowing  
his 1907 crop of tobacco last week.

Frank Bracco delivered his 1907 crop  
in the bundle to E. Wentworth of  
Edgerton Saturday.

W. B. Aird had the misfortune to  
injure his eye quite badly while cut-  
ting wood.

Frank Hantke is sowing tobacco for  
his uncle.

Mr. and Mrs. Chas. Seefeld and  
family ate dinner at D. Hopkins' Sat-  
urday.

The following guests took dinner at  
L. Hubbell's Sunday: Mr. and Mrs.  
D. Hopkins, Miss M. Murray, Mrs.  
Harry Wood and son, Mr. and Mrs.  
Sheth Pope and son, Mr. and Mrs. H.  
Shuman, and Doll and Orville Hantke.  
After dinner many refreshments were  
served, which were enjoyed by all.

"The telephone? Will you have one?"  
is the topic of the day through this  
large Burr Oak is waking up; its  
many social functions render a tele-  
phone quite necessary.

John Madden will hold his auction  
the 19th. The goods are in fair con-  
dition and all should turn out that  
even.

Frank Kenley has commenced mov-  
ing machinery to the Wentworth  
homestead, where he will live the en-  
suing year.

Mrs. Chesbro, Mrs. McGrane and  
Miss Orrie Murwin assisted in sew-  
ing for Mrs. Hanson last Tuesday.  
They met at Mrs. L. Hubbell's and  
were very hospitably entertained.  
Most of the work is finished and many  
thanks are extended to all who so  
kindly assisted.

**DARIEN**  
Darien, March 16.—R. More and A.  
Dodge were Janesville visitors Sat-  
urday.

Mrs. Mabel Macafee of Darien vis-  
ited at A. W. Chamberlin's, one day  
last week.

A. R. Thomson and A. W. Cham-  
berlin returned Friday from Milwau-  
kee. J. L. Robinson remaining to  
take treatment in Sacred Heart san-  
itarium.

Mrs. Will Randall and daughter vis-  
ited in Beloit last week.

Mr. and Mrs. E. Richards were  
called to Janesville Friday by the  
sickness and death of the latter's fa-  
ther.

Mrs. Will Rholenbrodt is still very  
sick. Her many friends hope for a  
speedy recovery.

Mrs. Hugh McCarthy is better at  
this writing.

Remember the L. I. S. sale and sup-  
per Friday evening.

About fifty of the friends of Mr.  
and Mrs. Roy Stewart surprised them  
Friday evening.

Miss Maudie Chamberlin is still con-

Miss Minnie Edwards, who teaches  
there, was a decided success. The  
program was excellent and enjoyed  
by all, so they bid accordingly. One  
box sold for \$5, one for \$2.50 and  
another for \$1.10. The proceeds were  
\$19, which will be used for purchas-  
ing a new blackboard for the school.  
Mr. and Mrs. Hyatt Weaver from  
Evanston visited friends here Sun-  
day.

Mrs. Lottie Edwards will go to Mil-  
ton Wednesday to attend the final  
settlement of her father's estate.

Mrs. E. B. McCoy will visit her  
brother, Fred Edwards of Janesville,  
Wednesday.

If you wish to be fitted with your  
next-door neighbor in West Magnolia,  
Mr. and Mrs. Fred Woodstock vis-  
ited Howard Edwards and mother  
Sunday.

Howard Edwards attended the box  
social given at the school where his  
sister teaches Friday evening.

Many tobacco-growers would be  
pleased to see a buyer once in a  
while. They seem to be scarce  
around here.

Bert Townsend and family will start

week.

**CENTER**  
Center, March 16.—It is to be hoped  
that the fine spring weather of the  
past few days is not a false alarm,  
but that it is here to stay.

Mrs. Claude Rosa also has a new  
blond.

Mr. and Mrs. Arthur Goeck spent  
Friday afternoon with the latter's  
grandmother, Mrs. Fuller.

The Misses Sarah and Amanda Ades  
and brother Jim and Mr. and Mrs.  
Will Dixon took tea with Mr. and  
Mrs. S. L. Crall, Sunday evening.

The Misses Florence and Hazel  
Paynter and Maudie and Kate Crall  
were pleasant callers on Miss Vera  
Fuller Thursday.

C. A. Ross sawed wood for Chas.  
Crall, J. H. Fisher and at the school-  
house Saturday.

J. E. Davis slipped on the walk in  
Janesville Saturday, sustaining his  
ankle so that he is quite crippled.

Miss Anna Kennedy of Footville  
was an over-Sunday visitor at Jas.  
Robert's.

The Misses Alice and Nellie Rob-  
ert and Maudie Kennedy were call-  
ers on Vera Fuller Saturday.

Sheriff J. H. Fisher was a Center  
caller Thursday.

Miss Edna Schröder of Janesville  
was an over-Sunday visitor with Mrs.  
Jennie Crall.

**LA PRAIRIE**  
La Prairie, March 16.—Mr. and Mrs.  
Carl Child gave a club party to a  
number of friends Tuesday evening.  
The prizes were won by Mrs. John  
Little and Ed. Van Allen and Miss  
Flora Thomas and Will Lloyd.

Mrs. John Terry is visiting rela-  
tives in Aurora, Ill.

Mrs. Frank Child is on the sick  
list.

Mr. and Mrs. Herman Grelbert are  
rejoicing over the arrival of a baby  
boy last Thursday.

Mr. and Mrs. Will Sherman visited  
Du Lac Grange of Milton last Wed-  
nesday.

Mr. and Mrs. Geo. Turk entertained  
several friends at a club party  
Thursday evening. Mr. and Mrs.  
Edgemoor Culver won the first prize and  
Mrs. Carl Child and P. Chesmore the  
consolation.

A very pleasant club party was  
given by Mr. and Mrs. John Little  
Friday evening. The highest score  
was made by Mrs. J. W. Frost and  
Dr. Robt. Brown, and the lowest by  
Eugene Culver and Mrs. Chas. You-  
mans.

Will Lloyd and brother Frank spent  
a part of last week visiting friends  
in Evansville.
